

April 2022 Custom Activity

Grades 9-12, AL

Create custom lessons or timed tests that will be visible to your entire class! When you create a Custom Test, your students will be able to see it under "Custom Lessons" on the Lessons page. Break the lessons into multiple screens and keep students engaged!

STEP 1 Log in to your Teacher Portal [HERE](#).

STEP 2 Hover over the plus sign icon on the top-right corner, and click "Create a Custom Lesson/Test"

STEP 3 Enter the required information, and then click "Save."

When your students log in, they should be able to see the lesson(s) you just created. If they were already logged in, they will need to log out and log back in to see them.

YOUR CUSTOM TYPING CONTENT:

Looking for a way to help the planet this Earth Day? Look no further than...your trash can? Yes, that's right! You can help the earth by rethinking and reusing your food waste. Composting is an easy and effective way to convert uneaten fruit, vegetables, eggshells, and even paper towels and newspapers into rich soil. Some people who compost keep a composting bin in their backyards. If you don't have access to a yard, you can start composting by putting certain types of food waste in a designated container on your counter. Just be sure to educate yourself on what can and cannot be composted before you begin!
